## CITIZEN RING MAY DITCH CANDIDATES

Many Construe Chairman's Remarks to Mean That Candidates on Citizens' Ticket Must Have Official O. K.

It developed at the republican-citizen-moosers' meeting Tuesday evening that the "ditching" tactics practiced by the citizens' organization at South Bend might be repeated here. The belief that something of this order might occur came from certain statements made by the chairman of the meeting, R. H. Jernegan, in his talk.

Mr. Jernegan called attention to the necessity of voting the ticket straight at the primary. He said that one could not split but would be compelled to vote straight on this day. The chairman said this was necessary in order that the right man be nominated by the party and no mistakes made. After this the chairman intimated that at the general election, if the citizens' ticket was not of the desired personnel, one could split and vote for some citizens' men and some democrats. The chairman then stated that he hoped this would not be necessary and that he believed the men would not want to do it.

It will be remembered that after the citizens' supporters of South Bend had elected Alex Langel their choice for city clerk, the South Bend Tribune, supporter of the citizens' movement, editorially endorsed Langel's opponent, Rostiser, a democrat, for the place and threw Langel over. The flimsy excuse offered was that Langel was identified with the saloon business, making one believe, evidently, that a man engaged in the liquor business was unfit for public office.

Now it is said that there are several candidates seeking office on the citizens' ticket here who are or have been identified with the saloon business and if the conscience of the ring is back of the citizens' movement here is as spotless and as easily harmed as that back of Fred Keller it might easily be inferred that the men selected by the supporters of

On Tuesday morning Mr. and Mrs. Graham returned to seek the parental forgiveness and their blessing. The newly married couple will reside in this city.

## NILE LOWMAN CHOICE FIFTH WARD CITIZENS

The citizens' ticket supporters from the fifth ward held a meeting following the regular meeting Tuesday evening and agreed upon Nile Lowman as their choice for councilman from this ward. Mr. Lowman is a grocer with a place of business at Cedar and Joseph sts.

This makes it practically certain that there will be an applicant for every councilman office by combination adherents. The men are all expected to file application by Wednesday evening, the last day given for filing the same.

## FIND LETTERS WRITTEN BEFORE THE CIVIL WAR

Parties while on a fishing expedition along the river, near the end of Joseph st., Sunday afternoon found 25 old letters, which bear dates before the Civil war. The oldest letter carried the date of July 20, 1853, being 60 years old, while the latest of the number bears the date of 1858, being 55 years old.

The letters were sent from Memphis, Tenn., Janesville, Wis., Lockport, Ill., Chicago, North Field, Ill., Ann Arbor, Mich., Milwaukee, Wis., and Indianapolis, Ind. The envelopes bear three cent stamps, the stamps having the picture of George Washington on them.

The parties writing the letters were highly educated and good penmen, for good grammar was used in all the letters and the writing was good.

## COMMISSIONERS REJECT BIDS FOR BREMEN ROAD

At a meeting of the county commissioners held Monday afternoon the bids for the Bremen road improvement were rejected. Only one bid was presented. The price asked was \$42,000, which is about \$7,000 cheaper than was estimated. As the bids were not to-re-cover the men who have been fighting the case for the past three years claim that they have won their fight and that the improvement will not go through. One of the principal leaders of the fight made by the Mishawaka people against the improvement was the fact that the road leading out of the city south, and was to have been paved from the Mishawaka city limits to Madison township, a distance of over a mile of concrete.

## PLATFORM AGREED UPON BY CITIZENS

Promises Work of Reform Will be Carried on in City if the Republican-Citizen-Moosers' Amalgamation Wins.

The amalgamation party formed by the republicans and those progressives who deserted the Behse banner have adopted a platform for the coming city campaign. The platform was agreed upon at a meeting held in the former moose headquarters Tuesday evening. It is as follows:

"We declare in favor of the following measures:

First—The election of a mayor and all other city officials who will place their city's interest above party politics or party interests.

Second—The election of a mayor who can and will give sufficient time to fully discharge the duties of the office and who will in no way have conflicting interests with the city's welfare.

Third—The reduction of city taxes.

Fourth—The reduction of water rates under the meter system.

Fifth—The investigation and reduction of gas and electric rates if the investigation will warrant a reduction.

Sixth—Better street car service.

Seventh—We favor a more complete public garbage system so that all garbage, rubbish and other accumulations will be disposed of and the public health and convenience thereby promoted.

Eighth—The establishing of a street cleaning system whereby all streets and alleys of the city may be kept clean and in proper repair without discrimination in favor of any class, party or locality.

Ninth—We believe that in the enforcement of laws there should be no discrimination shown.

Tenth—We favor measures to suppress fast driving and to protect persons from injury by speeding automobiles, motorcycles, trains or street cars, and we advocate proper safeguards at all railroad crossings.

Eleventh—We favor a business administration of city affairs, courtesy and efficiency in all public employees together with the strictest economy consistent with good service.

Twelfth—We favor a strictly non-partisan board of public works composed of men chosen for their integrity and ability.

Upon this platform we appeal to all voters of the city and ask your support, regardless of past or present political affiliations.

The above report was read by E. H. Anderson, chairman of the committee entrusted with the work of drawing up a platform. It is the consensus of opinion that the committee did its work well. Those opposed to the citizens' movement stated that the committee had worked into the platform practically every worthy measure that has been overlooked by the present administration or rather that the present administration has not welcomed a genuine citizens' movement only for the reason of combating vice and lawlessness refused to join the citizen-moosers and republican amalgamation. They will probably rejoice in their decision because of the lack of a strong anti-liquor article in the platform. Practically every minister in the city is allied with the fusion ticket, so it is difficult to understand the alleged oversight.

## CITIZENS' RING PICKS BROOM AS PARTY EMBLEM

Campaign plans were outlined by the citizens' party at a meeting Tuesday night at the headquarters on S. Main st., attended by approximately 150.

Enthusiastic addresses were given, among them one by Eli Johnson, a Negro voter, who claimed that every Negro in South Bend will vote for Fred W. Keller for mayor next November. He claims that there are 500 Negro voters in the city. Two Civil war veterans, J. A. M. LaPierre and John Steele, and a Spanish war veteran, W. D. Teeple, gave short talks declaring that they were for the citizens' movement.

## FUNK RULES OPTION RIGHTS FORFEITED

Elkhart Block, Valued at \$40,000, Figures in Case in Circuit Court.

ELKHART, Sept. 16.—That George A. Thomas and wife had forfeited their option rights for the purchase of the John McNaughton block at the southwest corner of Main and Marion sts., by failing to accept a quit claim deed from the residuary legatees, was the decision of Judge Walter Funk in circuit court at South Bend today. The plaintiffs had insisted on a warranty deed from the executor of the McNaughton estate.

Unless the plaintiffs appeal, they will be expected to surrender possession of the building soon after the court renders final judgment. The building is estimated to be worth \$40,000.

The case was filed by Mr. and Mrs. Thomas two years ago, making Harriet N. Defrees of Chicago, niece of the late John McNaughton, and her husband, Joseph H. Defrees, the executor of the McNaughton will, the principal defendants.

In 1898 Mr. McNaughton leased to George Thomas and his father, the late Dr. W. H. Thomas, the above mentioned block for a term of 12 years, with the option of buying the property for \$17,000 at the end of the 12-year period. Before that time expired, Mr. McNaughton had died, and when the lessees desired to make the purchase they went to Chicago and tendered the \$17,000. Mrs. Defrees demanded a warranty deed. She was willing to accept the money and to give a quit claim deed, all she was legally eligible to give. The would-be purchasers also made a tender to Joseph Defrees, as executor, demanding a warranty deed. He also refused.

The logic of the court's decision today is that the would-be purchasers should have accepted the quit claim deed from Mrs. Defrees and waited until the estate was closed to obtain a warranty deed from the proper sources.

It was shown in the evidence that Mr. McNaughton and later his estate received about \$100 a year rent during the time Mr. Thomas has had control of the property.

The court's decision today was on a question of law purely. The plaintiff was represented by P. L. Turner of Elkhart and Samuel Parker of South Bend. The defendants were represented by J. H. State of Elkhart, Mr. Buckingham of Chicago, Anthony Deahl of Goshen and S. C. Hubbell of South Bend.

## CITIZENS' PARTY MAKES PLANS FOR CAMPAIGN

There came to light at the citizens' ticket meeting Tuesday evening a small thing but one which places the suspicion of doubt upon the oft repeated assertion that the new amalgamation party is free from the taint of bossism.

Somebody got up and said that he believed the new party should have an emblem. The chairman agreed with him and asked the man to suggest one. With the alacrity of a school boy who has memorized his speech well, the man responded, "I suggest a broom."

It was made as a motion, was seconded and passed. Then the chairman made the fatal slip. He stated that it was not only right but necessary that the party have an emblem as one in the program for the ballot. He stated that "they" were asked for one the other day and that the broom was given to be placed on the ballots. The chairman said that the matter should have been brought up at the last meeting but it was overlooked. The leaders were then evidently pleased that the broom was agreed upon by all present as it was therefore "the free and unanimous choice of every man present."

## ELLSASSER TOURNAMENT OPENS MONDAY EVENING

Monday night the Ellsasser bowling tournament opened at the alleys in full blast. Although the high school league opened last week, the alleys were not in full blast until Monday night. The leagues will bowl the first four nights of each week. Hoerstman of the Americans rolled a high score for the evening, with 198 and the best average went to Rohleder of the same team, with 181 1-3. In the City League, the Americans defeated the Regulars on the totals by a close score of but three pins. In the Mishawaka league Dodge's carried the honors from the Flying Dutch squad to the South Bend Watch Co. league won by only one pin on the totals from the Adjusters. The score:

## HARTMAN FOR MAYOR DEMOCRATIC TICKET

ELKHART, Ind., Sept. 13. — Announcement made Tuesday by Councilman H. Otto Hartmann, that he would be a candidate for the nomination for mayor on the democratic ticket to succeed Ellis M. Chester, caused a veritable furore in the ranks of the city organization for they had already picked the plum for Mr. Chester.

No one has dared to predict the outcome but Tuesday night it was stated that some kind of a compromise would be affected whereby Mr. Hartmann would be induced to withdraw his candidacy. It is rumored that he has been offered a public works commissionship if he accedes to the organization's wishes.

Mr. Hartmann, who has been a member of the city council for 10 years, has been employed in the Lake Shore boiler shop for 25 years.
